Re *Progeny LMS, LLC Petition for Rulemaking to Amend Part 90 of the Commission's Rules Governing Location and Monitoring Service To Provide Greater Flexibility, RM-10403.*

Oral ExParte Presentation

Dear Ms. Dortch:

On Friday, October 17, 2003, Nick Frenzel, Mike McMains, Janice Obuchowski and Albert Halprin met on behalf of Progeny LMS, LLC ("Progeny") with Wireless Telecommunications Bureau Chief John B. Muleta, as well as Peter Tenhula, Paul D'Ari, Uzoma Onyeije and William W. Kunze from the WTB. The meeting was held to discuss and clarify issues relating to Progeny's proposals for rule changes affecting Location and Monitoring Service ("LMS") in the 902-928 megahertz band. The discussion also focused on the technical showing made in Progeny's White Paper filed in the above-captioned proceeding and on ways to mitigate any potential interference between licensed and unlicensed uses of the band.

In accordance with Section 1.1206(b) of the Commission's Rules, please accept this original and one copy for submission.

Respectfully yours,

Albert Halprin
